"The basic condition of human life is happiness."

~ The Dalai Lama

CLASS OF 2000 DEDICATION

Mr. Francis Chrabascz

You taught us all the math that we'd ever need to know in just 15 minutes a day, you promised. A Mr. C. class was one to look forward to; you could always count on circling around the barn and the joke of the day. Your classes were more than just fun and games though, they were math classes that you could, for the most part, understand. You taught us how to use our graphing calculators and how to work together on partner quizzes. Although you're done teaching here at Monson High School, Mr. C., the lessons that we learned from you will never be over. For these reasons and so many more, the Class of 2000 would like to dedicate this yearbook to "Who's this guy?' Mr. Francis Chrabascz.

The Class of 2003 has many admirable qualities. They're fiercely independent and don't have to look far for the internal support that many classes lack. They are excellenet at fund raisers, something to be admired, and are extremely unique, a quality that is important in any student.

Class Of 2000 Advisors

Mr. Lucas and Mr. Murray have stood by the Senior Class through thick and thin. Without their dedication, effort, and tenacity, the 4 years that the Class of 2000 spent in High School would have been dull and boring. They assigned fundraisers and dues and rewarded with dances and trips. Their hard work and sense of duty are what defines them as superior class advisors. The Class of 2000 offers their thanks and gratitude. THANKS!

Why It's Great to be a Senior

It's pure fun combined with hard work and a lot of effort. Throw in some sleepless nights and a sudden outbreak of stress-related illness and you have a senior year. The Class of 2000 has experienced enough sleepless nights to produce some great, hilarious, and insane candids! Here's a look at what's shaped the last class of the 20th Century and made them the best that Monson has to offer.

Cross Country

They train, they compete, they endure. Although it may not be the most glamorous sport, Cross-Country goes beyond sheer brute strength, distinguishing itself from the crowd. It requires agility, poise, and a command of the body. For every runner, the finish line is unseen, but for only in their minds. Every hill, every flat, every step is a compoundation of drive, stamina, and will. Every hill is a test, every mile a challenge. The 1999 Cross-Country season aced the test, flying far beyond expectation. Congratulations on strong minds, strong legs, and strong hearts!

We made the tournament, YES! and we did our best. The boys exceeded my best expectations for the year. They have made me feel extremely proud to have been their coach. We'll miss the seniors, they were a critical part of our team strategy, but we're looking forward to the up and coming players. All in all, I'm eager to start the next season! Thanks guys!

Boys Soccer

Wham bam thank you Ma'am! The boys 1999 soccer season exploded onto the scene, recording amazing wins, glorifying victories, and a few tragic defeats. All in all they exemplify the best of the sport. Soccer players are, after all, athletes, simple and true. They train to run faster, kick farther, score harder, and fake better. They measure their wins and losses not only by the final score, but in personal victories and advances. Monson has, once again, turned out a fine group of men, ready and willing to play, to its fullest, the game of soccer.

What is a team without its players? What is a coach without a team? What is a coach without leadership? What is soccer without Monson?! NOTHING!

Girls Soccer

Again and again the Monson girls soccer teams keep on coming! With superb and unequaled senior leadership, the 1999 season proved to be one of the most successful in years. With showings in the tournament, at away games, at home games, at practice, and in the gym on rainy days, the Monson girls soccer teams proved once again that victory comes from the heart, and glory comes on the field.

"The idea is that I coach in practice. The games are for the players. The relationships that I have with the players are the most meaningful. In short, it was an unforgetable season. I'm just glad that the girls let me be a part of that wonder."

~ Mr. Andrew Kozikowski

"There's so much pressure on everyone at every game, and even at the practices. I just try to be there for them and coach them, not only so that they become better soccer players, but so that they become better players in the game of life. That's what high school's all about."

This year was a great year for us. We had a lot of support from the younger boys and a lot of leadership from our seniors. The team itself pulled off some amazing victories and finished with a good overall record. Hopefully we'll continue to grow in the future—we've got a lot of potential talent!
~Mrs. Elizabeth Manley

Our diving this year was amazingly unique. We had both gains and losses at every practice and meet. Dan Germain missed out on some meets, but the support from the other divers helped to compensate. We're looking forward to a successful season next year!

Swimming & Diving

The agility and grace that is a diver complements the hard work and dedication that is a swimmer. Both work hard to reach both mental and physical goals. The beauty and competition of both highly competitive sports is impossible to overlook. This year more than ever, exceptional talent and strong wills fueled the Monson Mustang Swimming and Diving Teams onto victory and glory. Great job teams!

Our girls finished strong and hard this year. We're extremely proud of the sportsmanship award because it represents how we tried to conduct ourselves at every meet and practice. We weren't as high in numbers this year, but we made up for it in confidence and support. We'll really miss our seniors–they were an important part of the team–but we're looking forward to next season!
~Mrs. Elizabeth Manley

Our diving squad was strong and dedicated this year. Kristen Shorette is an amazingly accomplished diver and we'll all miss her next season. Support from the younger divers is going to be as crucial next season as it was this year. I can't wait to start training again!

Boys' Basketball

The basketball court is perhaps the smallest court used in Monson athletics. Undoubtedly the players traverse the length of the court thousandfold in the course of one competition. Yet, amidst the cheering fans, squeaking sneakers, and thudding dribbles, the players bond together as a unit. Each man on the team serves a purpose, and serves it well. The strict organization and discipline of the compact team creates an extended family, both on and off the court, which is no small feat.

Boys Baseball

Baseball has long been regarded as America's passtime. Surely we have a long-standing legacy of peanuts, Cracker Jack, and stadium seating. While the baseball legacy at Monson is not as long, it is in no way less worthy. To each player on the ballfield, there is the unmistakable ping as the metal of the bat connects with the hurtling ball. There is a carefully thought-out scramble as each player moves in harmony to their specific positions. The play is executed; another out While this year of baseball is over, another is to come, and another after that. Congratulations on a great season and best wishes and fond memories of sliding in the dirt and tearing towards home.

From the windmill pitch to that center field catch, MHS Girls' softball had all their bases covered! The team was a single unit, cemented by their love of the game and their active participation. Track & Field

Track and Field is the combination sport that coaches either dream of or dread. It encompasses all aspects of the athletic spectrum, from throwing the discuss to running the 4 x 100 meter relay, Track and Field is a demanding and consuming sport. This year's team was fueled by a core nucleus of seniors, which supported a dedicated and loyal squad. Dave Lucas showed particular strength in the high jump, going on to win at highly competitive levels. Great job team and good luck next year!

Golf

Golf may not require the longest running endurance, the strongest leg muscles, or even the ability to go harder and jump higher. It does, however, require an articulate knowledge of patience, fortitude, and aptitude, as well as a deep-rooted love of the game. Golf is a contest of the mind, of the will, and of the drive. Monson golf has been on the map for a while but this year's players were phenomenal. Captain Jon Crowley had tremendous showings both at meets and at higher level competitions. Great job and good luck next year!

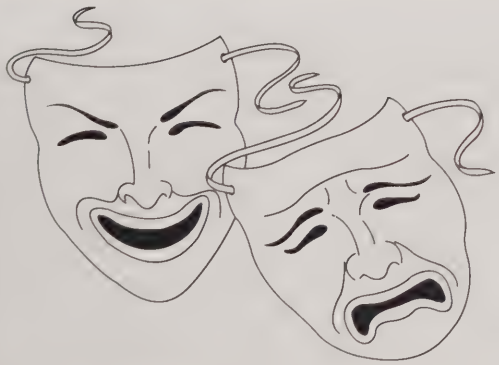
Talent Show



This time of the year is always a big money maker for Student Council, who in turn donates the money to a worthy cause. This year the Student Council used the money raised to help sponsor the Odyssey of the Mind's trip to World Competition! None of it would be possible, though, without the help and antics of some of the school's most infamous actors, dancers, and singers. Thanks to everyone who participated!

TOP 5 REASONS TO GET IN-VOLVED

REASON #1

It's the best way to meet new people that you might never have known and to try new things!

REASON #2

Most extra-curriculars give awards and prizes at the end of the year.

REASON #3

It'll make your parents happier, and that'll make YOU happier!

REASON #4

It looks good on a college transcript.

REASON #5

It's a chance to hang out more with your friends!

PARADISE CITY

Every year the prom theme is chosen by the members of the current Student Council and voted on. The theme carries over from the interclass competition into the actual Winter Carnival Dance. Every grade makes a poster that best represents what the theme means to them. This year's theme, Paradise City, by Guns and Roses, was the music of the 80's and the attitude of the 90's. Everyone in attendence agreed that while Monson wasn't Paradise City, after exams, the gym looked the most like paradise that they'd ever seen it!

TOP 5 WHY WE LOVE WINTER CARNIVAL

REASON #1: Who doesn't love time off from school?

REASON #2: Who would pass up riding a Big Wheel?

REASON #3: You get all that school spirit in one quick fix!

REASON #4: It's always good for a laugh!

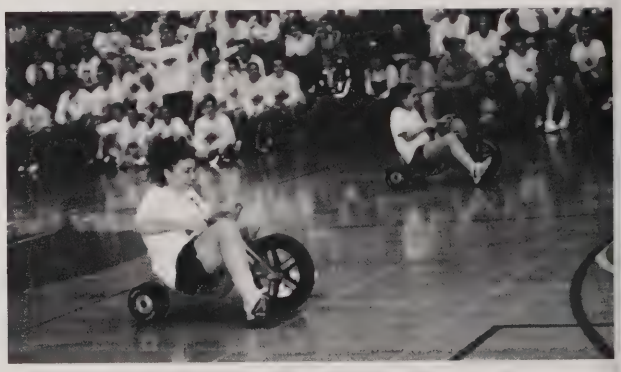
REASON #5: Pajama Day! How many days a year can you legally wear fluffy slippers?

FLOWERS AND FANS!

Winter Carnival isn't just about fun and games...all of the time! It's a fundraiser, for different grades and for the school. Student Council uses Winter Carnival profits for things such as classroom materials and student grants. The class fundraiser this year was a flower. The idea was that for a dollar you could send a flower to one of your friends. The blue and white flowers promoted school spirit and the class bank account!

BRING IT ON!

Every year the winner of the volleyball tournament gets to play the seemingly unstoppable faculty team. This year the Seniors had their final shot at victory, providing entertainment on and off the floor. While the faculty was victorious, again, there's always next year!



LOOK OUT!

One of the newest events, the Big Wheel race is definitely one of the most popular! Members of each grade's team have to race across the gym floor on a tricycle made for a toddler. If you can keep it straight and keep it going, your team will definitely win!

Carnival

READY, SET, GO!

Sometimes the moments before the race are the ones that are the most anxiety filled. There you are, in the middle of the gym floor, in front of your classmates, you know, the ones that you used to eat paste with in Kidnergarten. Okay, Mr. Degnan's calling for the race to begin. Oh man, the entire fate of Winter Carnival is riding on your shoulders, no wait, on those three, tiny, plastic, unsturdy wheels...okay, it's just a game!

EAT, EAT, EAT!

Erin Chaffee, at it again for another year, plowed through a plate of half-frozen whipped cream to find that one small stale piece of last year's bubble gum. This was Erin's last year as the Junior Representative for the pie eating contest, and her shoes will be hard to fill...not as hard as the bubble gum!

GO! GO! GO!

The three legged race is the one time when two people are forced to work together against the forces of gravity to spin around the smallest traffic cone that Monson could find. The idea is a good one! As to whether or not the race is a success...well, that depends on the height difference!

Debate is the art of public speaking. Its merits have long been rewarded by top colleges and employers. The skills of voice projection, organization, and logical thinking are all employed in an unplanned 8 minute speech. This is not the classroom debate with yelling and interruption but rather a solo flight of speaker to audience---the result is phenomenal! This year's team had a good foundation with veteran and novice members alike. We're excited to have a debate team and look forward to the years to come!

As Schools Match Wits

This year's team logged one of the most impressive finishes that Monson High School has ever seen. They continued to win, meet after meet, and proved to acadamies and public schools alike that MHS is an intellectual force to be reckoned with.

Music, Music, Music!

Although music has always been a tradition at Monson High School, keeping music teachers has not! This year was Mr. O'Connor's first year and he made a huge impression! From the Junior High Band to the newly formed Jazz Band, talent bloomed and music blossomed! Best wishes for many happy melodies to come!

Those Little Seventh Graders

Grade Seven • Class of 2005

They may be little but they're still important! Everyone, if they think back, can remember those first few scary days as a seventh grader. Being in a new school is tough, but you've got to hand it to them, these seventh graders have spunk!

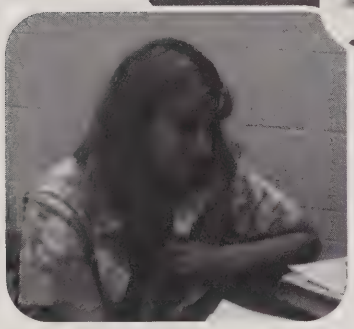
Almost High School

Eighth Grade • Class of 2004

Every year the eight graders are seventh graders, bigger, tougher, and older. They are almost ready for high school, and that transitional period is tough. They command the junior high, but still need to respect the Seniors. Being an eighth grade isn't easy, but it sure is fun!



"*I think that I'm going to miss eating first lunch. I hate study halls with second lunch. I just like eating lunch period.*"

The Class Advisors Mrs. Church and Mrs. Groom, however, could not have made it through the busy and crucial junior year without the support of President Dan Germain, Vice-President, Bill Lemon, Treasurer Erin Chaffee, and Student Council Representatives Jon Crowley, Kate Czarneicki, and Katy Tighe. Great Job Juniors!

Senior Class Officers

The Senior Class Officers are a unique group, setting precedence and examples for the other officers within the school. The choices that they make reflect upon class officers throughout the building. President Nate Tassinari, Vice-President Matt Charest, Treasurer Sarah Zajac, and Secretary Shawna Lowney all demonstrated unique attributes this 2000 year, guiding their class through their greatest, and final, year at Monson High School.
